AMICI COSMETICS

De Smalle Zijde 5-08
3903 LL Veenendaal
The Netherlands

Care & Storage

- Clean regularly with mild soap and warm water, or with AMICI Brush Soap, unless otherwise instructed.
- Allow all parts to dry completely before refilling or storing.
- Store in a cool, dry place away from direct sunlight and excessive heat.
- Replace the bristle head monthly, or sooner if visibly worn, to maintain hygienic performance.

Important Information

This applicator does not alter the properties, effectiveness, stability, or expiration date of any cosmetic product placed inside it. Users must follow all instructions provided by the manufacturer of the cosmetic product used with this applicator.

This brush is designed for use only with cosmetic or skincare products suitable for topical application. Improper use, including use with unsuitable products or failure to follow these instructions, may result in injury, product malfunction, or damage.

The manufacturer and distributor are not responsible for damage or injury resulting from misuse, abuse, modification, improper maintenance, or use contrary to these instructions.

As this brush is sold empty, the user is solely responsible for selecting a cosmetic or skincare product that is safe, suitable for topical use, and appropriate for their individual skin type. Users should review the label and ingredient information of the product they choose to use in the brush, and discontinue use if any adverse reaction occurs.

This applicator does not alter the properties, effectiveness, stability, or expiration date of any cosmetic product placed inside it. Users must follow all instructions provided by the manufacturer of the cosmetic product.

End-of-Life & Disposal

When the AMICI Refillable Applicator Brush reaches the end of its usable life, please dispose of it responsibly according to your local waste and recycling guidelines. Components should be emptied and rinsed clean of any remaining cosmetic product before disposal.

Limited Warranty (90 Days)

Please ensure your AMICI Refillable Applicator Brush arrives in an unopened, undamaged box. We offer a 90-day limited warranty on the AMICI Refillable Applicator Brush, valid from the date of purchase. This warranty covers manufacturing defects only. It does not cover damage caused by the customer, including but not limited to misuse, improper cleaning or storage, normal wear of the replaceable bristle head, or use contrary to the instructions in this document. In such cases, repair or replacement costs are the customer's responsibility.

To make a warranty claim, please contact us with proof of purchase and a description of the issue.

Instructions for Use & Safety Information

Refillable Applicator Brush

amici.[®]

Product Description

The AMICI Refillable Applicator Brush is a reusable, hygienic dispensing tool designed to apply cosmetic products – such as sunscreen, cream, or facial oil – evenly and cleanly to the skin. The brush features an internal reservoir and a dosing mechanism that delivers product directly to the bristle head, allowing mess-free application without direct hand contact.

Important: This product is supplied empty. It does not contain any sunscreen, cream, oil, or other cosmetic product upon delivery. The user must fill the reservoir with a compatible cosmetic or skincare product of their own choosing prior to use.

Intended Use

The AMICI Refillable Applicator Brush is intended solely for the hygienic application of cosmetic and skincare products to the face, ears, and neck. It is intended for external use only and is not a medical device. Use only as directed in these instructions.

This applicator does not replace the need to apply an adequate amount of sunscreen. Follow the sunscreen manufacturer's instructions regarding application quantity and reapplication intervals.

How to Use

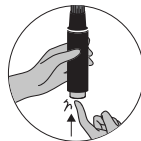

1 Open the reservoir. Unscrew the top element containing the bristle head from the barrel of the brush to expose the refill opening.

2 Fill the reservoir. Fill the reservoir with a compatible cosmetic or skincare product of your choice, such as sunscreen, cream, or facial oil. Do not exceed the maximum fill capacity of 30 ml.

3 Reassemble the brush. Replace the top element with the bristle head onto the barrel and twist firmly until securely fastened.

4 Dispense the product. Press the button located at the base of the brush to dispense product through to the bristle head.

5 Check the flow. Product will become visible at four dispensing points on the bristle head, indicating the brush is primed and ready for use.

6 Apply to the skin. Using gentle, even strokes, apply the product to the face, ears, and neck while avoiding the eye area. Because the brush delivers product directly to the skin, your hands remain free of product throughout application.

7 Clean and maintain the brush. After use, remove the bristle head and clean it regularly with AMICI Brush Soap to keep the brush hygienic and fresh. For hygiene reasons, we recommend replacing the AMICI replaceable brush head monthly.

Warnings

- For external use only.
- Do not ingest. Do not drink or swallow the product or any of its contents.
- Use only as intended and only with compatible cosmetic or skincare products.
- Do not heat, microwave, boil, freeze, or expose the brush to open flame or excessive temperatures.
- Do not use with any product not intended for cosmetic or topical application.
- Avoid contact with eyes. If contact occurs, rinse thoroughly with water.
- Do not use on broken, irritated, infected, or otherwise damaged skin.
- Discontinue use immediately if irritation, redness, or discomfort occurs. Consult a healthcare professional if symptoms persist.
- Keep out of reach of children. This product is not a toy.
- Do not bite, chew, or place any part of the product in the mouth.
- Do not modify, puncture, or disassemble the product beyond normal refilling and cleaning as described in these instructions.
- Do not use if the product is cracked, leaking, or otherwise damaged.
- To reduce the risk of contamination, fill only with clean hands and clean utensils. Do not mix different cosmetic products inside the reservoir. Empty and clean the reservoir before changing products.
- For personal use only. Do not share this applicator with others.
